Why 911 is important?

911 is important to me because it can save your life. When you call 911 it is a signal that you need help. If you or someone you know is in danger, 911 sends policemen and policewomen to where you are. If there is a fire, firemen and firewoman come to make sure you are safe and they put out any fires. Ambulance drivers come to take you to the hospital if you need help. 911 works in different communities all across the country. 911 is important to me because when my grandma was sick they came and took her to the hospital and thanks to 911 she was O.K. I would just like to say thank you 911 very much. That's why 911 is important.
