911 essay

911 is important! 911 is needed in every community to save us when there is danger around us or a car crash that happens on the highway, most of all I believe it is important to have 911 in every community because it allows children, parents, teachers, and the elderly to be safe. When we learn the right way to use 911 we save lives, and what could be more important than being connected to police, ambulance and fire department. 911 is a great thing to me.

thank you
